

ICAS - MATHEMATICS
Official Sitting Date: August 11, 2018
REGISTRATION IS CLOSED AFTER JULY 25, 2018

2018 International Competitions and Assessments for Schools (ICAS) - MATHEMATICS

Dear Principal/Parents:

The University of New South Wales is offering your students an opportunity to participate in the International Competitions and Assessments for Schools (ICAS) for MATHEMATICS.

ICAS has taken place annually in schools for over thirty years and is now in more than 20 countries.

ICAS:

- is university backed and internationally recognised assessments.
- is skills based assessments for students in Years 2-12.
- assessments are written by subject specialists and are available in the key learning areas of English, Mathematics and Science.
- reports the performance of your student through a 25-60 minute supervised in-school test. The length of each test depends on the subject and year level being tested. More information about each subject can be found at <http://www.eaa.unsw.edu.au/icas/subjects>
- provides a continuous, independent and comprehensive record of your students' academic strengths and weaknesses and tracks their progress by subject from year 2 to year 12.
- uses other participating students' results as a reference point for comparing your child's performance.
- provides excellent preparation for in-school and national tests.
- contains questions designed specifically to explore the abilities of children at all levels.
- results are available to parents in a hard copy report and online.
- reports indicate which questions were answered correctly and are highly suitable for inclusion in an academic portfolio for future tertiary entrance or when applying for a job.
- rewards the top student in each subject in each year level with a UNSW gold medal.
- recognises all students with certificates of **High Distinction, Distinction, Credit, Merit and Participation**. For more information about awards and recognition go to www.eaa.unsw.edu.au/icas/awards.
